Mr. Edward Rochette, Editor
P.O. Box 2366
Colorado Springs, Colo. 80901

Dear Ed:

For your information I should tell you that I met with the National Coin Week Committee in a work session at the home of Lee Martin on Monday, Nov. 16. Present were Lee Martin, Maurice Gould, Gordon Greene, Wm. Wisslead and Birt Slater. This made a quorum. Peggy Borgolte was unable to attend because she is in the hospital. Naturally Opal Morris, Clark Yowell and you were too far away to attend.

The committee unanimously adopted "Numismatics, a Hobby of All Ages," as its theme. Maurice Gould is to contact you about starting the release of publicity.

There was a discussion of the awards, how many and what kind, and the question was raised if a special National Coin Week award medal could be produced with dies that would serve for this and the following years, except for the year date, theme and winner, which could be inscribed in a space on the reverse of the medal. Please send detailed information regarding the awards that have been given in the past and discuss with Adna the possibility of producing such a medal. Please advise me or Lee Martin as soon as possible.

Those present at the meeting are very enthusiastic about the project for this year and I am pleased to be able to work with them as they are so close at hand.

Lee Martin does not seem to have the addresses of Opal Morris and Clark Yowell. Please ask Adna to send the full list of the committee members and their addresses to him.
